

AREA MEASUREMENT – SHOPPING CENTRES

Plowman Craven's property measurement team have been involved with all stages of a shopping centre development and asset management. From initial boundary surveys and rights of light through to Gross Internal Areas for construction targets.

Tenant Packs that provide various information, ranging from Net Internal Areas, Zone A, Lease Plans and Elevations, have been key in the efficient management of retail units and occupier relations.

Having accurate available information enhances the running of a Shopping Centre, whether it is mall survey for flooring or kiosk location or full floor plans to assist refurbishment or alterations.

Shopping Centre projects:

Bluewater	Lend Lease
Lakeside	Capital Shopping Centres
Princesshay	Land Securities
Highcross	Hammerson
St Davids	Land Securities/CSC
Drakes Circus	P & O Estates
